

GCCG 2010 Annual Collector's Auction

2010 AUCTION CONDUCT RULES:

- 1) See the November 2009 GCCG newsletter for the auction rules regarding plant entry.
- 2) No plant will be allowed into the building the night of the auction unless it is on the auction list below or is a pre-approved substitute for one on the list that was damaged.
- 3) Labels for all auction plants will be provided to the sellers/donors when the plants are checked in at the auction.
- 4) If a plant carrying a minimum bid does not sell at the minimum bid stated, the seller will still be responsible to the club for 25% of the listed minimum bid. *(OPTION: If the seller so designates to the auction committee in advance, a "reverse auction" may be held on a plant failing to receive the minimum bid.)
- 5) Successful bids and bidders will be tracked on a projector screen. Photos of the plants (if available) will also be projected on a screen as they are presented for auction.
- 6) Bidders are asked not to check out until the last plant is auctioned and the auction concluded. Receipt to bidders will include a printout of their successful bids.
- 7) Payment to sellers and acknowledgement to donors will include a printout of each of their entries with the sales amount.
- 8) During checkout at the end of the auction, each successful paying bidder will be given one free BB or seedling as a "Thank you" from GCCG for their contribution to the auction.

NOTES:

- 1) The ID column in the auction table indicates who supplied the plants. Two alphabetic characters (AA) identify the supplier. These are: Carol Armendariz (CA), Loren Batchman (LB), James Baxter (JB), Gloria Bygdnes (GB), Weegie Caughlan (WC), Anna Chai (AC), Richard Copeland (RC), Greg Corrales (GC), Kevin Daly (KD), Heather Drobus (HD), Edie Guidoux (EG), Trudy Hadler (TH), Ken Jacobsen (KJ), Carl Jukkola (CJ), Pat Proctor (PP), Eanghak Quach (EQ), Top Hat Orchids (TO), Darrel Wong (DW), and Barry Zimmerman (BZ).
- 2) An ID of AANN indicates a sale plant, with the numeric part (NN) used for accounting purposes. An ID of D-AA indicates a donated plant. The ID of GCCG identifies plants purchased by the club.
- 3) The values stated in the description of the plants were determined by the seller and the auction committee for the benefit of the auctioneer and bidders.
- 4) Some sellers and donors have provided flower pictures of their plants listed in the auction. Pictures submitted at time of publication are noted (picture), but others may be added after publication. If you are interested in browsing the preview photo library, please go to the following link:
