

2017 Gold Coast Cymbidium Growers Annual Collector's Auction

The GCCG annual fund-raising Collectors' Auction will be held January 20, 2017, with an entry deadline of 10:00 PM, Friday, December 16, 2016.

If the total number of plants entered for the auction has not reached the limit of 150 prior to that date. Plant lists may be handed to the auction coordinator, Richard Mangan at the November GCCG meeting, sent to Richard at mangasz@att.net or mailed to 2206 Covey Creek Court, Stockton, CA 95207-5367.

Lists should include as much information as possible for each entry, including full name and parentage, type (Standard, Novelty, Miniature, or species), habit (upright, arching, or pendent), color, size of plant (specifically the number of BBs and green bulbs), size of pot, and any other information available.

Plants must be healthy, well established and disease free (see rule #13). A PDF and editable MS-WORD entry form is attached to this Newsletter. This year, with our emphasis as always on better growing, including eliminating virus from all collections, we are asking all sellers to test and clear all the plants they submit for sale.

In order to claim your plant as 'CymMV/ORSV Negative', you must have successfully tested your plant within 3 months of the time of submission and received virus negative test results from using Agdia's self-test kit or the services of Critter Creek Laboratory. If you require virus testing assistance, please contact Richard Mangan at mangasz@att.net. As in the past, the club will reimburse testing of all DONATED plants by the owners. Owners of sale plants will be responsible for reaching an acceptable accommodation with the buyers for any sales plant testing positive for virus within 7 days of the auction.

Minimum bids may be stated, however Auction rule #12 described below will apply. It would be wise to be realistic in setting minimum bids. A "suggested value" is an alternative to stating a minimum bid but is not binding on the seller or the auctioneer. Successful bids and bidders will be tracked on a projector screen.

Photos of the plants (if available) will also be projected on a screen as they are presented for auction.

Payment to sellers and acknowledgement to donors will include a printout of each of their entries with the sales amount.

- 12) If a plant carrying a minimum bid does not sell at the declared minimum bid, the seller will still be responsible for paying the club 25% of the listed minimum bid unless the auctioneer is notified before the start of the auction the seller agrees to reverse bidding if the minimum bid was not met.
- 13) Plants must be healthy, well established and disease free or they will be withdrawn from the auction prior to the start of bidding at the owner's or club's discretion.
- 14) Bidders may not check out until the last plant is auctioned and the auction concluded. Receipts to bidders will include a printout of their successful bids.
